# DUBZ ALUMINIUM
## SALES & SUPPLIES

## Company Overview

Dubz Aluminium is a well established and professional business that services areas in and around Kwa-Zulu Natal. We attain a strategically placed network of aluminium profile and hardware to ensure that our clients get the highest quality products. Dubz Aluminium strives to deliver the glass and aluminium, engineering, signage and shopfitting market with innovation and a service with passion.
Dubz Aluminium presents more than 10 years operational experience.

## Vision

We see ourselves to be the core of the aluminium sector by constantly exceeding clients expectations by upholding a standard of excellence. We always endeavour to supply goods timely, safely and conducting in a cost-effective manner whilst striving to understand our client requirements.

## Mission

Our aim is to be a key-role in the South African aluminium industry by striving and being pro-active to provide a cost-effective solution to meet increased demands of our clientele.

Our innovative designs are aimed at new or improved aesthetics, functionality, structural and thermal performance. The underlying drivers of our innovation are to design attractive yet practical products that meet the necessary performance requirements in our ever-changing environment. We also strive to reduce costs whilst maintaining the highest quality and safety standards.
